The Mega Man X Legacy Collection covers all eight matches in this series of lateral scrolling, and if you are new of the games, we are here to provide an easy to follow list, showing you the easiest order to follow if you want to defeat each boss using the right weapons. Just like the original matches on the NES, Mega Man X can select which bosses to fight - but each garment has a weakness. Part of the fun is discovering all the weaknesses for yourself, but I fully understand if you just want to fiddle. We are talking about eight games in the series, after all. When you defeat a boss, you will earn that particular under-weapon of the head, and using the right sub-weapon on the right garment makes these difficult not easy meetings. After struggling to complete the level, who would you like an easy boss meeting? Here is the guide of Mega Man Mega Fan "S guide to destroy every X-Boss, in order, for all eight games in the complete collection. For further boss orders, check our guide for the original Mega Man Legacy collection here. How to beat Every chief | Guide to all weaknesses [work-in-progress: Some minor changes were made in the Mega Man X Legacy collection. The version used and the boss names may be different in the version. We will update how we complete these levels.] All the boss in mega man x 1-8 have weaknesses. You need to defeat at least one garment with the only x-buster. The rest is a cake, if you first unlock their specific weakness.
