It has been [planning] to do a second American Gods book since the first American Gods book. American Gods came out in 2001 Neil Gaiman | David Levenson/Getty Images American Gods was released in 2001. Things come into it. Once I with those projects. I always knew there would be more story. What would the sequel be In 2011, Gaiman hinted that a sequel might focus more on the new gods and why they ISBN:9780062059888, 0062059882, 9780062080233, 0062080237, 9780062572233, 0062572237 9781472251367, 1472251369 Accelerated Reader: UG Level 5.3, 28 Points General Note First paperback edition: 2013. General Note "Author's preferred text" Preliminary page. General Note "With a special introduction by the author" Jacket. General Note includes interview with the author and reading group discussion questions (pages 533-541). Description Days before his release from prison, Shadow's wife, Laura, dies in a mysterious car accident. In other words, he is busy. But Mr. Wednesday, who knows more about Shadow than is possible, warns that a storm is coming a battle for the soul of America. I woke up about four days ago and there was a story in my head. Those who encounter him for the first time may be surprised at how good he is. "a St. Louis Post-Dispatch "To say Neil Gaiman is a writer is like saying Da Vinci adored the arts. "a Minneapolis Star Tribune "A crackerjack suspense yarn. He explained that in addition to working on Good Omens, he was finishing his book Norse Mythology and writing a sequel to his 1996 book Neverwhere (which itself is a novelization of a BBC TV series co-created by Gaiman). Those familiar with Gaiman's earlier work will find a satisfying yarn by a familiar master storyteller: a true emotional richness and greatness that of masterful storytelling."-Peter Straub "Neil Gaiman, a writer of rare insight and endless imagination. In the second book, I definitely want to get into both. Meanwhile, readers can discover a little more about the adventures of American Gods' main character, Shadow Moon, in two of Gaiman's short stories, "The Monarch of the Glen," which appears in his Fragile Things collection, and "Black Dog" from Trigger. Gaiman is busy with other projects that Gaiman is famous for being prolific about - over the years, he wrote dozens of novels, comic books, short stories and children's books. He also said he wanted to write another children's book. And that means that the sequel to American Gods has been put on the back burner. And in my retirement, I am thinking about starting to write. He told SYFY Wire. Gaiman fans will be happy to know that he still has the will to put pen to paper. What I basically have now is a box full of stuff. It is, quite simply, a contemporary masterpiece. Hugo Award for Best SF/Fantasy Novel Bram Stoker Award for Best Horror Novel Locus Award for Best Fantasy Novel Nebula Award for Best Critically Praised Novel "Mystery, satire, sex, horror, poetic prose -- American Gods uses it all to keep the reader turning the pages."-Michael Dirda, The Washington Post "A fascinating tale. Together they embark on a deeply strange journey through the heart of the USA, while all around them a storm of preternatural and epic proportions threatens to break. Awards Nebula Award, 2003. Numerously, he makes his way back home. That's nice. Now that he has finished his television commitments, he is ready to get back to writing, which means there is still hope for the American sequel of Gods. Wagnerian noir."-Salon.com "American gods are sexy, dark, engrafted and shameful." -Teller, Penn & Teller "Here we are. Released from prison, Shadow finds his world upside down. He will be a retired showrunner. First, the long-running second season of American Gods, the TV series based on his book of the same name, premieres March 10 on Starz. And I thought this really hasn't happened in two years, just because all my attention was on the budget, and the VFX, and the editing, and the sound mixing. One of the most talked-about books of the new millennium, American Gods is a

kaleidoscopic journey deep into myth and under an American treasure” –William Gibson Bonus Content IÀéá”–á”es an exciting year for Neil Gaiman fans. It became a best seller and won the 2002 Hugo Award for the best science fiction or fantasy novel of the year. Most recently, he has been working as the showrunner of Good Omens and writing a script for the Season 2 premiere of American Gods. His wife was killed; a mysterious stranger offers him a job. “The first book was very much about the crooks and the outcasts, and you really don’t get to see much of the new gods and you really don’t get the sense of those gods who are doing incredibly well in America,” he told MTV. On the plane, he meets the enigmatic Mr. Wednesday, who claims to be a refugee from a distant war, an ancient god and king of America. In 2006, he released Anansi Boys, which shares a character with American Gods, but is a stand-alone book, not a sequel. A decade after American Gods first hit the shelves, Gaiman revealed in an interview MTV, your intention to write a continuation of your 3 history of a never-ending war between the old and new gods of the world. But if the fans were to think that 2019 could bring a .taht .taht od llits nac I yltnerappa ,taerGÁÁÁé ,ekil saw ti ,oS . lanigiro yliciuj .7102 ni ylkeeW tnmniatretnE dlot namiaG ÁÁÁé ,emit yna ta sregnif gnipyf fo tes eno dna ydob eno fo mumixam a gnivah si evah I melborp gib ehTÁÁÁé .htap tcerid sti ni era yeht dna .regnol elihw a tiaw ot evah llÁÁÁéyeht ÁÁÁé 1102 ni kcab gnitirw tuoba gnikniht saw eh dias tstrif namiaG koob a Á ÁÁÁÁéA ÁsdoGÁ ÁnaciremA ot
