While her interests don't guarantee inilly of her deviate from this expectation, her curiosity of her to activate Android 16, despite Gero's orders not to do it, brings Android 17 to take it to SÀ © for Murder Gero. At the end, C-18 becomes a member of the Z fighters, as well as the wife of Crilin and the mother of their daughter Brown. Appearance Android 18, while she lived in Kame Crilin's house and brown C-18 is a slender, curvy and beautiful woman above average height and light complexion. She has hair to her hair that is or blond [5] [6] Silver Gold [5] [7] that the course units The left temple, which she general keeps hidden behind her ear. She wears consistently little gold ring earrings on both ears. His hair is apparently natural because of his not thinking too much when trunks slices parts of it off during his struggle with her (in sharp contrast with his future counterpart, which in English Dub Threeed he to cut portions of his hair and has Supported may not grow back). In the Androids saga when it is activated first from Dr. Gero, wearing in the blue of the mesh denim and skirt (with the red ribbon on the back of the jacket) with dark blue pantyhose, a brown belt, brown boots, and a black shirt Which has black and black striped long sleeves. After her clothes were ruined in her battle against Vegeta, she changes western style outfit Consisting of a brown armor of the mesh and skirt with Dark Navy Fuseaux, a blue-green long-sleeved turtleneck shirt, and Brown Cowboy boots. Late, when the Androids arrives at Goku's house and the whole saga cell, Sheears to Black Mini Vest with a golden pin triangle, a white sleeve tank top with a necklace of pearls, dark teal jeans with a gold chain , a brown belt, a pair of black short gloves with a gold bracelet on the left one, and black apartments with orange socks. C-18 silver hair in manga when married with crilin and living in kame house, shea dresses blue with denim mesh buttons, white jeans, red circle earrings with a red bracelet on the left hand, And black Flip Flops. Her her eyes her blue her eyes had a slightly darker last time. Late, at the world tournament martial arts and all over the bu saga, she wears a black shirt with white and black striped long sleeves, blue jeans, a brown and black belt with Orange socks. IT is notable that this outfit embedded between his first dress in Android saga and the third equipment in the cell saga like the shirt, belt, and colors are taken from its first dress, while jeans and apartments are taken from its third set-up. In Dragon Ball Z: Battle of the Gods, the dress of her in the tournament world saga has some small changes. The color of his black shirt was changed in dark indigo with white and black striped sleeves to be applied to purple. Moreover, the color of the jeans of her was changed in pale blue and is slightly short as the color of his circle earrings was changed from red to silver. Finally, the color of her socks was changed in white with the upper part is no longer rolled up, and the black apartments were changed in dark indigo and no longer contains the tie. She also wears a necklace of pearls identical to what she wore during the cells of the cells, only was incorporated with a thunder pendant, now she has blue eyes in color as opposed to her original blue. In Dragon Ball Z: Resurrection À € à, ~ À , " His appearance remains largely equal to Dragon Ball Z, battle of the gods with the only obvious changes that does not wear a necklace of pearls together with the cuffs Of his shirt and colored white sleeves and now wear blue boots. Furthermore, the background of her shirt doesn't look more hidden, now hiding her belt. The current Android 18 Toriyama design at the end of Drago Ball Z, she cuts her hair leader than her hairstyle of Bulma bowl from the saga of the Majin Buu and wearing fashionable clothing. His dress is a sleeveless red shirt, pale yellow business pants, pale gold circle earrings that had initially worn during the androids and the bows of cell phones, the same gold bracelet on his left wrist he had worn During the bow of cell and the brown apartments. She also wears the pearl necklace that she previously wore during the imperfect cell saga and cell games. For the survival saga of the universe, she wears a pink suit in Gohan during the earth's earth invasion and gray shoes with white soles. In Dragon Ball GT, despite being a child's servant and then cured with the sacred water, she wears a high-sleeved high-sleeved shirt, black trousers, silver circle earrings, pearl necklace and red apartments. She's short hair had finally grown up and she was designed in a short bob. In the super 17 saga, she wears a purple business jacket with a short sleeve t-shirt, purple business trousers, gold circle earrings, pearl necklace and red heels. It also preserves its haircut from the end of Dragon Ball Z, while in front of his twin brother for the second time, it was later seen without the Tailleur jacket and the neck pearl necklace like a strapless bra Black is shown under his brief pink sleeve shirt after tearing his shirt with his shirt, while taunting his twin brother to kill her. At the end of the Dragon Ball GT, she was seen wearing her Short Pink Sleeve Shirt, Red Rossastrian Brown Pants and Red Apartments. Personality as a brother of her, C-18 usually shows a cool and confident character, especially in battle, even if her sarcastic humor is the most prominent feature of her personality. This is demonstrated when Goku takes note of his assembly with the Dragon team at the world's 25th century of martial arts of the tournament, which leads to the corta "looks, he noted. "What a cute." (In Japanese he says "he brought you a little idiot?"). As well as saying "save me" when Krillin reveals to Goku who not only married, but he also had a son. Shortly thereafter, she asked her from the World Tournament Announcer if her name is "No 18", to which she replies "My father was rather boring" (in Japanese, he replies that "he doesn't matter" before launching the number at the World Announcer tournament). Even if you are not characterized for this, 18 can be very curious to know if you are really interested in something, to the point of acting on your companion Android 16, and wondering what gift that you will give to her husband Crilin during one of A of desire with others using the dragon balls. She is often expressed in her cool and unjustified her way in her marriage with Krillin, often smiling in a somewhat submissive fashion that she transmits her personality very relaxed by her, in super, however, often seen smiling. However, the sense of humor 18 of her is not always tact, while she jokingly joked about future logs that she wanted to reimburse for him by killing her alternative counterpart of the universe, a lot to mind of future trunks. This is a rare case in which Android 18 humor was anything but tact, according to the usual timing of her. This failure is probably due to Android 18 who was not aware of how murdered his counterpart was and how much future trunks had suffered because of it, since he would probably have been more sensitive if he was known the full extension of destruction and of the Suffering caused by her that her counterparts of her brother. She also shows that she is rather proud, even if she was not in the same size as her brother had been during the imperfect saga of the cell. Like a greater and delinquent sister, and later as a wife and martial artist, Android 18 prove to be anticipated to the outside, insisting that she and her brother 17, and then she and Krillin, have to walk to improve the financial situation of Family, insist in Krillin to join the tournament for the cash prize, forcing Mr. Satan in an agreement on giving her 20 million zenians to the point of destroying his property and multiplying the cash prize to a hundred fold, wanting that Shenron to grant His desire for Krillin, and initially saying that he would only fight the tournament if he earns money for this, even if he later decides to enter because he suspects the tournament is not really a game. A Dragon Ball Z: Supersonic Warriors, Android 18 is mentioned not to love driving only because of the existence of Android 17 on driving without a destination without anything better to do. However, 18 still shows part of her sensitivity and even protective side of her, especially towards her twin brother, daughter and her husband. This is in a sharp contrast with its own sé © by the timeline of the future of the trunks, where it is a murderous sociopath that takes care of anyone except itself and his brother although this is mainly due to the fact that the future of dr. Gero had altered the future 17 and 18 years hate humanity, which has never happened in the main timeline. 18 She also possesses a vast disgust if not as a final way I hate violence against children, to the point that after witnessing the attacks of Lord Beerus against Gotenks, you lost the calm and proceeded to aggravate, despite her power of her Definitely higher than her. This is probably due due to her instinct as a mother and a passion for her friends of her friends, despite being often annoyed by Super Saiyan Minors. Unlike her brother, like, like Goku and any other fighter, sometimes she has a tendency to let her go down during the battle, allowing her opponents to take advantage, mainly because of her fresh and relaxed attitude, as shown by Shosa in Tournament. As you brother of her, she has developed hatred towards Dr. Gero to have them modify them against their will, even if interesting, she still uses the name n. 18 instead of the original name of her Lazuli and in the dub of her even sarcastically she refers to Dr. Gero as her father of her (as she was what she gave her name n. 18) When she asked for the name of She during the world tournament. It was this shared hatred of Gero who convinced 18 that the cell imitated only the voice of 17 years to deceive it. Although it lacks its future sociopathic and murderop to counterparty, you shares the love of its counterpart for shopping and Of his counterpart for fashion, as well as taking care of maintaining his appearance and his do not love with his clothes or hair damaged in battle. In the anime, she shows you not to love Chinese clothes of chi who try her clothes when Androids arrive at Goku's house in search of Goku. This is in contrast to the future counterpart of her who had no problms with Chinese Chinese He tried while shopping for clothes during the history of special trunks, demonstrating that she and his colleague part seemingly have different tastes in fashion. At the time of the Super Dragon Ball, Android 18 seems to have grown Kinder and compassionate, it is often seen smiling and is closer to Krillin and Marron compared to Z, where he is shown always bending his arms and looking picked up from the characters (like Vegeta And small, with the first before being used to the earthly society), smiling only when he sees his daughter and participates in some activities with the characters, as in the God of destruction Beerus Saga, he participated in the Bingo tournament. When she meets future trunks after so many years, she has shown to be gentle and friendly for him the last time they met, giving him a fist and joking her on her death of her future her. The narrow report of Android 18 with Krillin had led him to want to give a gift for him, who wanted to use the dragon balls to wish a gift, when Bulma said the number 18 that with his and Marron is better than having some present, she was struck with flattering, making her face blush, pushing him really loves her husband, and even applaud for him during the baseball game of the Universe 6 and Universe 7. Furthermore, he also ended up joining the tournament Of power, not because of money, but since it suspected both the increasing cash prize, the more desperate offers of Goku and Gohan to make them adhere and the serious provision of Gohan that the results if they lost the tournament would be very serious. However, she is cold towards her brother of her after gathered with him for the tournament and tells Krillin not to force him when he tries to break the ice, starting a friendly conversation with his brother-in-law. He also threatened to kill his brother if Marron said as "Marron" a second time (yet this could have to do so by reminding his ex-girlfriend of Krillin Marron, or could have been a listless threat), indicating her And his brother became distant from the imperfect cell saga. Although this, both brothers are still able to work well together as a team during the power tournament and even strategic together to take advantage of their infinite resistance. Android 18 Even yet still deeply cared for him, since he was very upset when he seemed to Goku. This is in contrast to the future counterpart of her who had no problms with Chinese Chinese He tried while shopping for clothes during the history of special trunks, demonstrating that she and his colleague part seemingly have different tastes in fashion.
