This extension is full of many impressive features. The following list shows the most prominent. Click on any of them to see a detailed description: List of Music features of Time Hour You can start the extension and immediately start listening to the video of the game's hourly background, updated in real time with the watch of your device. With music of the following titles: Animal Crossing Wild World / City Folk / Let's Go to the City New Leaf New Horizons Weather Variants A€ You may remember that the background music has changed slightly on the days when it rained or snowed. The extension also © the variants "training" and "sowe" of all the time tracks! You can choose the variant you want to hear, or set it to 'phony'. Live Weather Support Is if you activate the "Live Weather" option, the extension will use your specified location to detect whether there is sun, rain or snow in your area. In this way, the time musical variants can be chosen automatically for you! Chrome has recently introduced a feature that lets you control the music by tapping your open tabs. We took advantage of this new browser feature to show information about the song you are currently playing. Through chrome © IU you can see the track title, font set and cover! K.K. Slider Tracks will not only play music from hour to hour. A large part of the experience of Animal Crossing is© without dense, being able to hear the great K.K. Slider, and this extension will allow you to do just that. The extension features about 90 melodies in its live and aircheck Aest. You can choose between keeping your evenings on the usual nights of saturday, or playing your music 24 hours a day, 7 days a week. Town Tune Editor is able to listen to music from hour to hour and make it change automatically A€ fix and all, but wouldn't you be missing something if the music changed from the previous track to the next? That's it, Extension extension an incredible Town Tune composer available in the browser. With it you can combed your custom Tune Town, which will be played every time an hour passes Aham@ fide160; just like in the game! Sorry. Something went wrong.
